

Dear Sir,

I am Irshad Khan Computer Engineer from NUST. My experience as a Front End Developer for has honed my CSS3 and HTML5 skills, as well as my knowledge of mobile and responsive design. More than 10 Data Science courses completed from courseere.

My professional experience includes bringing the wireframes of the UX designer to life through HTML5 and CSS3, as well as collaborating with Back End Developers to create a stellar finished product. I think my skills and experience makes me a great fit for this job.

Here are some of my most relevant qualifications and accomplishments

- Crafted various website features using HTML5 CSS3 and JavaScript
- Developed and Implemented project scope and timelines based on the design-develop-deploy process
- Proficiency in CSS3 and HTML5
- Knowledge of responsive and mobile design
- Problem solving skills
- Understanding of web development process (design, develop, deploy)

I know how important the details are for a Front End Developer. My keen attention to detail and dedication to solving any problem at hand are what separates me from other candidates with similar qualifications. If you agree that I'd be a good fit for your organization, I would love to schedule an interview at your earliest convenience.

Sincerely,

Irshad Khan
